Syed Najam Ul Huda
Hybrid Software & AI Engineer (Student)
Karachi, Pakistan
syedhafiznajamhuda@gmail.com
syednajam.com

Profile

I build software with a clear understanding of how intelligence is designed, trained, and used in real systems.
I combine strong computer science fundamentals with practical AI thinking and disciplined execution.

Education

Bachelor of Science in Computer Science (BSCS)
FAST-NUCES
Currently Enrolled

Technical Skills

Data Structures & Algorithms

- C++ / Java
- LeetCode: 100+ problems solved

Machine Learning & Deep Learning

- Python
- TensorFlow / PyTorch / Scikit-learn
- Pandas / NumPy / Matplotlib

Web Development

- Frontend & Backend
- MERN Stack

Deployment & Systems (Learning & Practicing)

- Git & GitHub
- Docker (basics)
- CI/CD concepts
- Kubernetes (intro level)
- ML model deployment concepts (MLOps fundamentals)
